CLAUSES

CLAUSE 1 - PROHIBITION OF ASSIGNMENT (SPECIAL) (APR 1997)

- A. Neither this subcontract nor any interest therein nor claim thereunder shall be assigned or transferred by the Subcontractor except as expressly authorized in writing by the NREL Subcontract Administrator.
- B. When directed by DOE, the NREL Division of Midwest Research Institute may assign all its rights and obligations under this subcontract to DOE or its designee.

CLAUSE 2 - DISPUTES (SPECIAL) (APR 1997)

- A. The parties agree that the appropriate forum for resolution of any dispute or claim pertaining to this subcontract shall be a court of competent jurisdiction as follows:
 - 1. Subject to paragraph (A)(2) of this clause, any such litigation shall be brought and prosecuted exclusively in Federal District Court; with venue in the United States District Court of Colorado in Denver, Colorado.
 - 2. Provided, however, that in the event that the requirements for jurisdiction in any Federal District Court are not presented, such litigation shall be brought in a court of competent jurisdiction in the county of Jefferson and State of Colorado.
- B. Any substantive issue of law in such dispute, claim, or litigation shall be determined in accordance with the body of applicable Federal law relating to the interpretation and application of clauses derived from Federal Acquisition Regulations. If there is no applicable Federal law, the law of the State of Colorado shall apply in the determination of such issues. Nothing in this clause shall grant to the Subcontractor by implication any statutory rights or remedies not expressly set forth in this subcontract.
- C. There shall be no interruption in the prosecution of the work, and the Subcontractor shall proceed diligently with the performance of this subcontract pending final resolution of any dispute, claim, or litigation arising under or related to this subcontract between the parties hereto or between the Subcontractor and lower-tier subcontractors or suppliers.
- D. The Contract Disputes Act of 1978 (41 U.S.C. Sections 601-613) shall not apply to this subcontract; provided, however, that nothing in this clause shall prohibit NREL, in its sole discretion, from sponsoring a claim of the Subcontractor for resolution under the provision of its prime contract with DOE. In the event that NREL so sponsors a claim at the request of the Subcontractor, the Subcontractor shall be bound by the decision of the cognizant DOE Contracting Officer to the same extent and in the same manner as NREL.
- E. Any disputes relative to intellectual property matters will be governed by other provisions of this subcontract.

CLAUSE 3 - YEAR 2000 CERTIFICATION AND WARRANTY OF INFORMATION TECHNOLOGY PRODUCTS AND SERVICES (SPECIAL)(FEB 1999)
(Applies to subcontracts for information technology products or services)

A. Definitions

1. "Year 2000 Compliance," as used in this clause, means that the information technology products and services delivered or developed under this subcontract accurately process date/time data from, into, and between the twentieth and twenty-first centuries, and the years 1999 and 2000, and leap year calculations, to the extent that other information technology, used in combination with the information technology being delivered or developed under this subcontract, properly exchanges date/time data with it.
2. "Information technology products and services" as used in this clause, include, but are not limited to, hardware, software, and/or firmware and embedded systems or any other electro-mechanical or processor-based systems or services.
3. "Date/time data," as used in this clause, includes but is not limited to, calculating, comparing, and sequencing.

B. Certification

The delivery or development of information technology products or services by the Subcontractor/Supplier shall constitute constructive certification that the information technology products or services under this subcontract demonstrate Year 2000 Compliance.

C. Warranty

The Subcontractor/Supplier warrants that each commercial or noncommercial information technology product or service delivered or developed under this subcontract is Year 2000 Compliant. If the subcontract requires that specific information technology products or services must perform as a system in accordance with the foregoing warranty, then this warranty shall apply to those products or services as a system.

D. Duration and Remedies

The duration of this warranty and the remedies available to NREL/Government for breach of this warranty shall be as defined in, and subject to: 1) the terms and limitations of the general warranty provisions of this subcontract; or, 2) the terms and limitations of the Subcontractor's/Supplier's standard commercial warranty or warranties contained in this subcontract.

Notwithstanding any provision to the contrary in such warranty provision(s), or in the absence of any such warranty provision(s), the remedies available to NREL/Government under this Year 2000 Compliance warranty shall include repair or replacement, at no additional cost to NREL/Government, of any information technology product or service where noncompliance is discovered and made known to the Subcontractor/Supplier in writing within ninety (90) days after acceptance. Nothing in this warranty shall be construed to limit any rights or remedies NREL/Government may otherwise have under this subcontract with respect to defects other than Year 2000 compliance.

E. Subcontractor/Supplier as Distributor

If the Subcontractor/Supplier is a distributor of technology information products obtained from third party manufacturers, the Subcontractor/Supplier agrees to obtain from the third party manufacturers certifications and warranties that substantially conform to the requirements of this clause.

F. Lower-tier Subcontracts

The Subcontractor/Supplier agrees to insert terms that conform substantially to the language of this clause, including this paragraph F, in all lower-tier subcontracts/purchase orders under this subcontract.

TO NREL/GOVERNMENT (JUL 1995)**

Derived from FAR 52.203-6

(Applies to subcontracts exceeding \$100,000)

- A. Except as provided in (B) of this clause, the Subcontractor shall not enter into any agreement with an actual or prospective lower-tier subcontractor, nor otherwise act in any manner, which has or may have the effect of restricting sales by such lower-tier subcontractors directly to NREL/Government of any item or process (including computer software) made or furnished by the lower-tier subcontractor under this subcontract or under any follow-on production subcontract.
- B. The prohibition in (A) of this clause does not preclude the Subcontractor from asserting rights that are otherwise authorized by law or regulation.
- C. The Subcontractor agrees to incorporate the substance of this clause, including this paragraph (C), in all lower-tier subcontracts under this subcontract which exceed \$100,000.

CLAUSE 6 - ANTI-KICKBACK PROCEDURES (JUL 1995)

"Person," as used in this clause, means a corporation, partnership, business association of any kind, trust, joint-stock company, or individual.

"Subcontractor employee," as used in this clause, means any officer, partner, employee, or agent of a Subcontractor.

 2. Soliciting, accepting, or attempting to accept any kickback; or
 3. Including, directly or indirectly, the amount of any kickback in the contract price charged by a Prime Contractor to the United States or in the contract price charged by a Subcontractor to a Prime Contractor or higher-tier subcontractor.
- C.

 - (ii) Direct that the Subcontractor withhold from sums owed the lower-tier subcontractor the amount of the kickback. The DOE Contracting Officer may order that monies withheld under subdivision (C)(4)(ii) of this clause be paid over to NREL or the Government unless NREL or the Government has already offset those monies under subdivision (C)(4)(i) of this clause. In either case, the Subcontractor shall notify the NREL Subcontract Administrator when the monies are withheld.
5. The Subcontractor agrees to incorporate the substance of this clause, including subparagraph (C)(5) but excepting subparagraph (C)(1), in all lower-tier subcontracts under this subcontract which exceed \$100,000.

**CLAUSE 7 - LIMITATION ON PAYMENTS TO INFLUENCE CERTAIN
FEDERAL TRANSACTIONS (JUN 1997)**

Derived from FAR 52-203-12

A. Definitions.

"Officer or employee of an agency," as used in this clause, includes the following individuals who are employed by an agency:

1. An individual who is appointed to a position in the Government under Title 5, United States Code, including a position under a temporary appointment.
2. A member of the uniformed services, as defined in subsection 101(3), Title 37, United States Code.

An officer or employee who is employed by such person for less than one hundred and thirty (130) working days within one (1) year immediately preceding the date of the

"State," as used in this clause, means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

B. Prohibitions.

1. Section 1352 of Title 31, United States Code, among other things, prohibits a recipient of a Federal contract, grant, loan, or cooperative agreement from using appropriated funds to pay any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any of the following covered Federal actions: the awarding of any Federal contract; the making of any Federal grant; the making of any Federal loan; the entering into of any cooperative agreement; or the modification of any Federal contract, grant, loan, or cooperative agreement.
2. The Act also requires Subcontractors to furnish a disclosure if any funds other than Federal appropriated funds (including profit or fee received under a covered Federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with a Federal contract, grant, loan, or cooperative agreement.
3. The prohibitions of the Act do not apply under the following conditions:
 - (i) Agency and legislative liaison by own employees.
 - a. The prohibition on the use of appropriated funds, in subparagraph (B)(1) of this clause, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.
 - b. For purposes of subdivision (B)(3)(i)(a) of this clause, providing any information specifically requested by an agency or Congress is permitted at any time.
 - c. The following agency and legislative liaison activities are permitted at any time where they are not related to a specific solicitation for any covered Federal action:
 1. Discussing with an agency the qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities.

2. Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.
- d. The following agency and legislative liaison activities are permitted where they are prior to formal solicitation of any covered Federal action --
1. Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;
 2. Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and
 3. Capability presentations by persons seeking awards from an agency pursuant to the provisions of the Small Business Act, as amended by Pub.L.95-507, and subsequent amendments.
- e. Only those services expressly authorized by subdivision (B)(3)(i)(a) of this clause are permitted under this clause.
- (ii) Professional and technical services.
- a. The prohibition on the use of appropriated funds, in subparagraph (B)(1) of this clause, does not apply in the case of --
1. A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.
 2. Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any bid, proposal, or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

- b. For purposes of subdivision (B)(3)(ii)(a) of this clause, "professional and technical services" shall be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a bid or proposal by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's proposal, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a bid or proposal are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.
- c. Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.
- d. Only those services expressly authorized by subdivisions (B)(3)(ii)(a)(1) and (2) of this clause are permitted under this clause.
- e. The reporting requirements of FAR 3.803(a) shall not apply with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

C. Disclosure.

- 1. The Subcontractor who requests or receives from an agency a Federal contract shall file with that agency a disclosure form, OMB standard form LLL, Disclosure of Lobbying Activities, if such person has made or has agreed to make any payment using nonappropriated funds (to include profits from any covered Federal action), which would be prohibited under subparagraph (B)(1) of this clause, if paid for with appropriated funds.

- 2. Subcontractors may rely without liability on the representation made by their lower-tier subcontractors in the certification and disclosure form.

F. Cost allowability.

Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

 11. The Subcontractor shall take such action with respect to any lower-tier subcontract or purchase order as the NREL subcontract administrator may direct as a means of enforcing these terms and conditions, including sanctions for noncompliance, provided, that if the Subcontractor becomes involved in, or is threatened with, litigation with a lower-tier subcontractor or vendor as a result of any direction, the Subcontractor may request the United States to enter into the litigation to protect the interests of the United States.
- C. Notwithstanding any other clause in this contract, disputes relative to this clause will be governed by the procedures in 41 CFR 60-1.1

CLAUSE 13 - AFFIRMATIVE ACTION FOR DISABLED VETERANS AND VETERANS OF THE VIETNAM ERA (APR 1998)

Derived from FAR 52.222-35 (FD)

(Applies to subcontracts exceeding \$10,000)

- A. Definitions. As used in this clause --

"All employment openings" includes all positions except executive and top management, those positions that will be filled from within the Subcontractor's organization, and positions lasting three (3) days or less. This term includes full-time employment, temporary employment of more than three (3) days' duration, and part-time employment.

"Appropriate office of the State employment service system" means the local office of the Federal-State national system of public employment offices with assigned responsibility to serve the area where the employment opening is to be filled, including the District of Columbia, Guam, the Commonwealth of Puerto Rico, and the Virgin Islands.

"Positions that will be filled from within the Subcontractor's organization" means employment openings for which no consideration will be given to persons outside the Subcontractor's organization (including any affiliates, subsidiaries, and parent companies) and includes any openings that the Subcontractor proposes to fill from regularly established "recall" lists. The exception does not apply to a particular opening once an employer decides to consider applicants outside of its organization.

"Veteran of the Vietnam era" means a person who --

1. Served on active duty for a period of more than 180 days, any part of which occurred between August 5, 1964, and May 7, 1975, and was discharged or released there from with other than a dishonorable discharge; or
2. Was discharged or released from active duty for a service-connected disability if any part of such active duty was performed between August 5, 1964 and May 7, 1975.

B. General.

1. Regarding any position for which the employee or applicant for employment is qualified, the Subcontractor shall not discriminate against the individual because the individual is a disabled veteran or a veteran of the Vietnam era. The Subcontractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified special disabled and Vietnam Era veterans without discrimination based upon their disability or veterans' status in all employment practices such as --
 - (i) Employment;

These openings include those occurring at any Subcontractor facility, including one not connected with performing this subcontract. An independent corporate affiliate is exempt from this requirement.
2. State and Local Government agencies holding Federal contracts or subcontracts of \$10,000 or more shall also list all their suitable openings with the appropriate office of the State employment service.
3. The listing of suitable employment openings with the State employment service system is required at least concurrently with using any other recruitment source or effort and involves the obligations of placing a bona fide job order, including accepting referrals of veterans and nonveterans. This listing does not require hiring any particular job applicant or hiring from any particular group of job applicants and is not intended to relieve the Subcontractor from any requirements of Executive Orders or regulations concerning nondiscrimination in employment.
4. Whenever the Subcontractor becomes contractually bound to the listing terms of this clause, it shall advise the State employment service system, in each State where it has establishments, of the name and location of each hiring location in the State. As long as the Subcontractor is contractually bound to these terms and has so advised the State system, it need not advise the State system of subsequent contracts/subcontracts. The Subcontractor may advise the State system when it is no longer bound by this subcontract clause.

D. Applicability.

1. This clause does not apply to the listing of employment openings which occur and are filled outside the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, Guam, and the Virgin Islands.

E. Postings.

1. The Subcontractor agrees to post employment notices stating

G. Lower-tier Subcontracts.

The Subcontractor shall include the terms of this clause in every lower-tier subcontract or purchase order of \$10,000 or more unless exempted by rules, regulations, or orders of the Secretary. B. Postings.

1. The Subcontractor agrees to post employment notices stating --
 - (i) The Subcontractor's obligation under the law to take affirmative action to employ and advance in employment qualified individuals with disabilities; and
 - (ii) The rights of applicants and employees.
2. These notices shall be posted in conspicuous places that are available to employees and applicants for employment.  - (i) Specifications or written provisions forming a part of this subcontract or

3. The delivery or performance dates for this subcontract are based upon the expectation that Government-furnished property suitable for use will be delivered to the Subcontractor at the times stated in the Schedule or, if not so stated, in sufficient time to enable the Subcontractor to meet the subcontract's delivery or performance dates.
4. If Government-furnished property is received by the Subcontractor in a condition not suitable for the intended use, the Subcontractor shall, upon receipt, notify the NREL Subcontract Administrator, detailing the facts, and, as directed by the NREL Subcontract Administrator and at Government expense, either effect repairs or modification or return or otherwise dispose of the property. After completing the directed action and upon written request of the Subcontractor, the NREL Subcontract Administrator shall make an equitable adjustment as provided in paragraph (H) of this clause.
5. If Government-furnished property is not delivered to the Subcontractor by the required time or times, the NREL Subcontract Administrator shall, upon the Subcontractor's timely written request, make a determination of the delay, if any, caused the Subcontractor and shall make an equitable adjustment in accordance with paragraph (H) of this clause

B. Changes in Government-furnished property.

1. The NREL Subcontract Administrator may, by written notice,
 - (i) Decrease the Government-furnished property provided or to be provided under this subcontract; or
 - (ii) Substitute other Government-furnished property for the property to be provided by NREL or to be acquired by the Subcontractor for NREL under this subcontract. The Subcontractor shall promptly take such action as the NREL Subcontract Administrator may direct regarding the removal, shipment, or disposal of the property covered by this notice.
2. Upon the Subcontractor's written request, the NREL Subcontract Administrator shall make an equitable adjustment to the subcontract in accordance with paragraph (H) of this clause, if NREL has agreed in the Schedule to make such property available for performing this subcontract and there is any --

or
 - (iii) Reimbursement of the cost of the property by NREL, whichever occurs first.
4. All Government-furnished property and all property acquired by the Subcontractor, title to which vests in the Government under this paragraph (collectively referred to as "Government property"), are subject to the provisions of this clause. Title to Government property shall not be affected by its incorporation into or attachment to any property not owned by the Government, nor shall Government property become a fixture or lose its identity as personal property by being attached to any real property.

D. Use of Government property.

The Government property shall be used only for performing this subcontract, unless otherwise provided in this subcontract or approved by the NREL Subcontract Administrator.

E. Property administration.

However, if the Subcontractor cannot effect such repairs within the time required, the Subcontractor shall dispose of the property as directed by the NREL Subcontract Administrator. When any property for which NREL is responsible is replaced or repaired, the NREL Subcontract Administrator shall make an equitable adjustment in accordance with paragraph (H) of this clause.

F. Access.

NREL/Government and all their designees shall have access at all reasonable times to the premises in which any Government property is located for the purpose of inspecting the Government property.

G. Limited risk of loss.

1. The Subcontractor shall not be liable for loss or destruction of, or damage to, the Government property provided under this subcontract or for expenses incidental to such loss, destruction, or damage, except as provided in subparagraphs (2) and (3) below.
2. The Subcontractor shall be responsible for loss or destruction of, or damage to, the Government property provided under this subcontract (including expenses incidental to such loss, destruction, or damage) --
 - (i) That results from a risk expressly required to be insured under this subcontract, but only to the extent of the insurance required to be purchased and maintained or to the extent of insurance actually purchased and maintained, whichever is greater;
 - (ii) That results from a risk that is in fact covered by insurance or for which the Subcontractor is otherwise reimbursed, but only to the extent of such insurance or reimbursement;
 - (iii) For which the Subcontractor is otherwise responsible under the express terms of this subcontract;
 - (iv) That results from willful misconduct or lack of good faith on the part of the Subcontractor's management personnel; or
 - (v) That results from a failure on the part of the Subcontractor, due to willful misconduct or lack of good faith on the part of the Subcontractor's managerial personnel, to establish and administer a program or system for the control, use, protection, preservation, maintenance, and repair of Government property as required by paragraph (E) of this clause.
3.
 - (i) If the Subcontractor fails to act as provided by subdivision (G)(2)(v) above, after being notified (by certified mail addressed to one of the Subcontractor's managerial personnel) of NREL's disapproval, withdrawal of approval, or nonacceptance of the system or program, it shall be conclusively presumed that such failure was due to willful misconduct or lack of good faith on the part of the Subcontractor's managerial personnel.
 - (ii) In such event, any loss or destruction of, or damage to, the Government property shall be presumed to have resulted from such failure unless the Subcontractor can establish by clear and convincing evidence that such loss, destruction, or damage --
 - (a) Did not result from the Subcontractor's failure to maintain an approved program or system; or
 - (b) Occurred while an approved program or system was maintained by the Subcontractor.
4. If the Subcontractor transfers Government property to the possession and control of a lower-tier subcontractor, the transfer shall not affect the liability of the Subcontractor for loss or destruction of, or damage to, the property as set forth above. However, the

Subcontractor shall require the lower-tier subcontractor to assume the risk of, and be responsible for, any loss or destruction of, or damage to, the property while in the lower-tier subcontractor's possession or control, except to the extent that the lower-tier subcontract, with the advance approval of the NREL Subcontract Administrator, relieves the Subcontractor from such liability. In the absence of such approval, the lower-tier subcontract shall contain appropriate provisions requiring the return of all Government property in as good condition as when received, except for reasonable wear and tear or for its use in accordance with the provisions of the subcontract.

5. Upon loss or destruction of, or damage to, Government property provided under this subcontract, the Subcontractor shall so notify the NREL Subcontract Administrator and shall communicate with the loss and salvage organization, if any, designated by the NREL Subcontract Administrator. With the assistance of any such organization, the Subcontractor shall take all reasonable action to protect the Government property from further damage, separate the damaged and undamaged Government property, put all the affected Government property in the best possible order, and furnish to the NREL Subcontract Administrator a statement of --
 - (i) The lost, destroyed, or damaged Government property;
 - (ii) The time and origin of the loss, destruction, or damage;
 - (iii) All known interests in commingled property of which the Government property is a part; and
 - (iv) The insurance, if any, covering any part of or interest in such commingled property.
6. The Subcontractor shall repair, renovate, and take such other action with respect to damaged Government property as the NREL Subcontract Administrator directs. If the Government property is destroyed or damaged beyond practical repair, or is damaged and so commingled or combined with property of others (including the Subcontractor's) that separation is impractical, the Subcontractor may, with the approval of and subject to any conditions imposed by the NREL Subcontract Administrator, sell such property for the account of NREL and the Government. Such sales may be made in order to minimize the loss to NREL/Government, to permit the resumption of business, or to accomplish a similar purpose. The Subcontractor shall be entitled to an equitable adjustment in the subcontract price for the expenditures made in performing the obligations under this subparagraph (G)(6) in accordance with paragraph (H) of this clause. However, NREL may directly reimburse the loss and salvage organization for any of their charges. The NREL Subcontract Administrator shall give due regard to the Subcontractor's liability under this paragraph (G) when making any such equitable adjustment.
7. The Subcontractor shall not be reimbursed for, and shall not include as an item of overhead, the cost of insurance or of any reserve covering risk of loss or destruction of, or damage to, Government property, except to the extent that NREL may have expressly required the Subcontractor to carry such insurance under another provision of this subcontract.

8. In the event the Subcontractor is reimbursed or otherwise compensated for any loss or destruction of, or damage to, Government property, the Subcontractor shall use the proceeds to repair, renovate, or replace the lost, destroyed, or damaged Government property or shall otherwise credit the proceeds to, or equitably reimburse, NREL and the Government, as directed by the NREL Subcontract Administrator.
9. The Subcontractor shall do nothing to prejudice NREL/Government's rights to recover against third parties for any loss or destruction of, or damage to, Government property. Upon the request of the NREL Subcontract Administrator, the Subcontractor shall, at the Government's expense, furnish to NREL/Government all reasonable assistance and cooperation (including the prosecution of suit and the execution of instruments of assignment in favor of NREL/Government) in obtaining recovery. In addition, where a lower-tier subcontractor has not been relieved from liability for any loss or destruction of, or damage to, Government property, the Subcontractor shall enforce for the benefit of NREL and the Government the liability of the lower-tier subcontractor for such loss, destruction, or damage.

H. Equitable adjustment.

When this clause specifies an equitable adjustment, it shall be made to any affected subcontract provision in accordance with the procedures of the Changes clause. When appropriate, the NREL Subcontract Administrator may initiate an equitable adjustment in favor of NREL. The right to an equitable adjustment shall be the Subcontractor's exclusive remedy. NREL and the Government shall not be liable to suit for breach of subcontract for --

1. Any delay in delivery of Government-furnished property;
2. Delivery of Government-furnished property in a condition not suitable for its intended use;
3. A decrease in or substitution of Government-furnished property; or
4. Failure to repair or replace Government property for which NREL is responsible.

I. Final accounting and disposition of Government property.

Upon completing this subcontract, or at such earlier dates as may be fixed by the NREL Subcontract Administrator, the Subcontractor shall submit, in a form acceptable to the NREL Subcontract Administrator, inventory schedules covering all items of Government property not consumed in performing this subcontract or delivered to NREL. The Subcontractor shall prepare for shipment, deliver f.o.b. origin, or dispose of the Government property as may be directed or authorized by the NREL Subcontract Administrator. The net proceeds of any such disposal shall be credited to the cost of the work covered by this subcontract or paid to NREL/Government as directed by the NREL Subcontract Administrator. The foregoing provisions shall apply to scrap from Government property; **provided**, however, that the NREL Subcontract Administrator may authorize or direct the Subcontractor to omit from such inventory schedules any scrap consisting of faulty castings or forgings or of cutting and processing waste, such as chips, cuttings, borings, turnings, short ends, circles, trimmings, clippings, and remnants, and to dispose of such scrap in accordance with the Subcontractor's normal practice and account for it as a part of general

overhead or other reimbursable costs in accordance with the Subcontractor's established accounting procedures.

J. Abandonment and restoration of Subcontractor premises.

Unless otherwise provided herein, NREL --

1. May abandon any Government property in place, at which time all obligations of NREL and the Government regarding such abandoned property shall cease; and
2. Has no obligation to restore or rehabilitate the Subcontractor's premises under any circumstances (e.g., abandonment, disposition upon completion of need, or subcontract completion). However, if the Government-furnished property (listed in the Schedule or specifications) is withdrawn or is unsuitable for the intended use, or if other Government property is substituted, then the equitable adjustment under paragraph (H) of this clause may properly include restoration or rehabilitation costs.

K. Communications.

All communications under this clause shall be in writing.

L. Overseas subcontracts.

If this subcontract is to be performed outside the United States of America, its territories, or possessions, the words "Government" and "Government-furnished" (wherever they appear in this clause) shall be construed as "United States Government" and "United States Government-furnished," respectively.

CLAUSE 26 - INSPECTION - TIME-AND-MATERIAL AND LABOR-HOUR (JAN 1986)
Derived from FAR 52.246-6

A. Definition.

"Subcontractors managerial personnel," as used in this clause, means any of the Subcontractor's directors, officers, managers, superintendents, or equivalent representatives who have supervision or direction of --

1. All or substantially all of the Subcontractor's business;
2. All or substantially all of the Subcontractor's operation at any one plant or separate location at which the subcontract is being performed; or
3. A separate and complete major industrial operation connected with the performance of this subcontract.

"Materials," as used in this clause, includes data when the subcontract does not include the Warranty of Data clause.

- B. The Subcontractor shall provide and maintain an inspection system acceptable to NREL covering the material, fabricating methods, work, and services under this subcontract. Complete records of all inspection work performed by the Subcontractor shall be maintained and made available to NREL/Government during subcontract performance and for as long afterwards as the subcontract requires.
- C. NREL/Government has the right to inspect and test all materials furnished and services performed under this subcontract, to the extent practicable at all places and times, including the period of performance, and in any event before acceptance. NREL/Government may also inspect the plant or plants of the Subcontractor or any lower-tier subcontractor engaged in subcontract performance. The Government/ NREL shall perform inspections and tests in a manner that will not unduly delay the work.
- D. If NREL/Government performs inspection or test on the premises of the Subcontractor or a lower-tier subcontractor, the Subcontractor shall furnish and shall require lower-tier subcontractors to furnish all reasonable facilities and assistance for the safe and convenient performance of these duties.
- E. Unless otherwise specified in the subcontract, NREL shall accept or reject services and materials at the place of delivery as promptly as practicable after delivery, and they shall be presumed accepted sixty (60) days after the date of delivery, unless accepted earlier.
- F. At any time during subcontract performance but not later than six (6) months (or such other time as may be specified in the subcontract) after acceptance of the services or materials last delivered under this subcontract, NREL may require the Subcontractor to replace or correct services or materials that at time of delivery failed to meet subcontract requirements. Except as otherwise specified in paragraph (H) of this clause, the cost of replacement or correction shall be determined under the Payment Under Time-and-Materials and Labor-Hour Contracts clause, but the "hourly rate" for labor hours incurred in the replacement or correction shall be reduced to exclude that portion of the rate attributable to profit. The Subcontractor shall not tender for acceptance materials and services required to be replaced or corrected without disclosing the former requirement for replacement or correction, and, when required, shall disclose the corrective action taken.
- G. 1. If the Subcontractor fails to proceed with reasonable promptness to perform required replacement or correction, and if the replacement or correction can be performed within the ceiling price (or the ceiling price as increased by NREL), NREL may--
- (i) By subcontract or otherwise, perform the replacement or correction, charge to the Subcontractor any increased cost, or deduct such increased cost from any amounts, paid or due under this subcontract; or
 - (ii) Terminate this subcontract for default.
2. Failure to agree to the amount of increased cost to be charged to the Subcontractor shall be a dispute.
- H. Notwithstanding paragraphs (F) and (G) above, NREL may at any time require the Subcontractor to remedy by correction or replacement, without cost to NREL, any failure by the Subcontractor to comply with the requirements of this subcontract, if the failure is due to--

1. Fraud, lack of good faith, or willful misconduct on the part of the Subcontractor's managerial personnel; or
 2. The conduct of one or more of the Subcontractor's employees selected or retained by the Subcontractor after any of the Subcontractor's managerial personnel has reasonable grounds to believe that the employee is habitually careless or unqualified.
- I. This clause applies in the same manner and to the same extent to corrected or replacement materials or services as to materials and services originally delivered under this subcontract.
 - J. The Subcontractor has no obligation or liability under this subcontract to correct or replace materials and services that at time of delivery do not meet subcontract requirements, except as provided in this clause or as may be otherwise specified in the subcontract.
 - K. Unless otherwise specified in the subcontract, the Subcontractor's obligation to correct or replace Government-furnished property shall be governed by the clause pertaining to Government property.

CLAUSE 27 - PREFERENCE FOR U.S.-FLAG AIR CARRIERS (JAN 1997)

Derived from FAR 52.247-63 (FD)

- A. "International air transportation," as used in this clause, means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United states.

 "United States," as used in this clause, means the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and possessions of the United States.

 "U.S.-flag air carrier," as used in this clause, means an air carrier holding a certificate under 49 U.S.C. Chapter 411.
- B. Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires that all Federal agencies and Government Contractors and Subcontractors use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.
- C. The Subcontractor agrees, in performing work under this subcontract, to use U.S.-flag air carriers for international air transportation of personnel (and their personal effects) or property to the extent that service by those carriers is available.
- D. In the event that the Subcontractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Subcontractor shall include a statement on vouchers involving such transportation essentially as follows:

STATEMENT OF UNAVAILABILITY OF U.S.-FLAG AIR CARRIERS

International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons (see section 47.403 of the Federal Acquisition Regulation): *(State reasons)*:

- E. The Subcontractor shall include the substance of this clause, including this paragraph (E), in each lower-tier subcontract or purchase under this subcontract that may involve international air transportation.

CLAUSE 28 - TERMINATION (COST-REIMBURSEMENT) (SEP 1996) AND ALTERNATE IV - (TIME-AND-MATERIAL OR LABOR-HOUR) (SEP 1996)

Derived from FAR 52.249-6 (FD)

(Applies to cost reimbursement subcontracts except subcontracts for research and development work with educational or nonprofit institutions)

- A. NREL may terminate performance of work under this subcontract in whole or, from time to time, in part, if --
1. The NREL Subcontract Administrator determines that a termination is in NREL's/Government's interest; or
 2. The Subcontractor defaults in performing this subcontract and fails to cure the default within ten (10) days (unless extended by the NREL Subcontract Administrator) after receiving a notice specifying the default. "Default" includes failure to make progress in the work so as to endanger performance.
- B. The NREL Subcontract Administrator shall terminate by delivering to the Subcontractor a Notice of Termination specifying whether termination is for default of the Subcontractor or for convenience of NREL/Government, the extent of termination, and the effective date. If, after termination for default, it is determined that the Subcontractor was not in default or that the Subcontractor's failure to perform or to make progress in performance is due to causes beyond the control and without the fault or negligence of the Subcontractor as set forth in the Excusable Delays clause, the rights and obligations of the parties will be the same as if the termination was for the convenience of NREL/Government.
- C. After receipt of a Notice of Termination, and except as directed by the NREL Subcontract Administrator, the Subcontractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:
1. Stop work as specified in the notice.
 2. Place no further lower-tier subcontracts or orders (referred to as lower-tier subcontracts in this clause), except as necessary to complete the continued portion of the subcontract.
 3. Terminate all lower-tier subcontracts to the extent they relate to the work terminated.

4. Assign to NREL, as directed by the NREL Subcontract Administrator, all right, title, and interest of the Subcontractor under the lower-tier subcontracts terminated, in which case NREL shall have the right to settle or to pay any termination settlement proposal arising out of those terminations.
 5. With approval or ratification to the extent required by the NREL Subcontract Administrator, settle all outstanding liabilities and termination settlement proposals arising from the termination of lower-tier subcontracts, the cost of which would be reimbursable in whole or in part, under this subcontract; approval or ratification will be final for purposes of this clause.
 6. Transfer title to the Government (if not already transferred) and, as directed by the NREL Subcontract Administrator, deliver to NREL --
 - (i) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated;
 - (ii) The completed or partially completed plans, drawings, information, and other property that, if the subcontract had been completed, would be required to be furnished to NREL; and
 - (iii) The jigs, dies, fixtures, and other special tools and tooling acquired or manufactured for this subcontract, the cost of which the Subcontractor has been or will be reimbursed under this subcontract.
 7. Complete performance of the work not terminated.
 8. Take any action that may be necessary, or that the NREL Subcontract Administrator may direct, for the protection and preservation of the property related to this subcontract that is in the possession of the Subcontractor and in which NREL/Government has or may acquire an interest.
 9. Use its best efforts to sell, as directed or authorized by the NREL Subcontract Administrator, any property of the types referred to in subparagraph (C)(6) of this clause; **provided**, however, that the Subcontractor--
 - (i) Is not required to extend credit to any purchaser; and
 - (ii) May acquire the property under the conditions prescribed by, and at prices approved by, the NREL Subcontract Administrator. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by NREL under this subcontract, credited to the price or cost of the work, or paid in any other manner directed by the NREL Subcontract Administrator.
- D. The Subcontractor shall submit complete termination inventory schedules no later than one hundred twenty (120) days from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator upon written request of the Subcontractor within this one hundred twenty (120)-day period.

- E. After expiration of the plant clearance period as defined in Subpart 45.6 of the Federal Acquisition Regulation, the Subcontractor may submit to the NREL Subcontract Administrator a list, certified as to quantity and quality, of termination inventory not previously disposed of, excluding items authorized for disposition by the NREL Subcontract Administrator. The Subcontractor may request the NREL/Government to remove those items or enter into an agreement for their storage. Within fifteen (15) days, NREL/Government will accept the items and remove them or enter into a storage agreement. The NREL Subcontract Administrator may verify the list upon removal of the items, or if stored, within forty-five (45) days from submission of the list, and shall correct the list, as necessary, before final settlement.
- F. After termination, the Subcontractor shall submit a final termination settlement proposal to the NREL Subcontract Administrator in the form and with the certification prescribed by the NREL Subcontract Administrator. The Subcontractor shall submit the proposal promptly, but no later than one (1) year from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator upon written request of the Subcontractor within this one (1)-year period. However, if the NREL Subcontract Administrator determines that the facts justify it, a termination settlement proposal may be received and acted on after one (1) year or any extension. If the Subcontractor fails to submit the proposal within the time allowed, the NREL Subcontract Administrator may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined.
- G. Subject to paragraph (F) of this clause, the Subcontractor and the NREL Subcontract Administrator may agree on the whole or any part of the amount to be paid (including an allowance for fee) because of the termination. The subcontract shall be amended, and the Subcontractor paid the agreed amount.
- H. If the Subcontractor and the NREL Subcontract Administrator fail to agree in whole or in part on the amount of costs and/or fee to be paid because of the termination of work, the NREL Subcontract Administrator shall determine, on the basis of information available, the amount, if any, due the Subcontractor and shall pay the amount, which shall include the following:
1. All costs reimbursable under this subcontract, not previously paid, for the performance of this subcontract before the effective date of termination, and those costs that may continue for a reasonable time with the approval of or as directed by the NREL Subcontract Administrator; however, the Subcontractor shall discontinue those costs as rapidly as practicable.
 2. The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the subcontract if not included in subparagraph (H)(1) of this clause.
 3. The reasonable costs of settlement of the work terminated, including--
 - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - (ii) The termination and settlement of lower-tier subcontracts (excluding the amounts of such settlements); and

- (iii) Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the termination inventory. If the termination is for default, no amounts for the preparation of the Subcontractor's termination settlement proposal may be included.
- 4. A portion of the fee payable under the subcontract, determined as follows:
 - (i) If the subcontract is terminated for the convenience of NREL/Government, the settlement shall include a percentage of the fee equal to the percentage of completion of work contemplated under the subcontract, but excluding subcontract effort included in lower-tier subcontractor's termination proposals, less previous payments for fee.
 - (ii) If the subcontract is terminated for default, the total fee payable shall be such proportionate part of the fee as the total number of articles (or amount of services) delivered to and accepted by NREL is to the total number of articles (or amount of services) of a like kind required by the subcontract.
- 5. If the settlement includes only fee, it will be determined under subparagraph (H)(4) of this clause.
- I. The cost principles and procedures in Part 31 of the Federal Acquisition Regulation, in effect on the date of this subcontract, shall govern all costs claimed, agreed to, or determined under this clause.
- J. The Subcontractor shall have the right of appeal, under the Disputes clause, from any determination made by the NREL Subcontract Administrator under paragraph (F), (H), or (L) of this clause, except that if the Subcontractor failed to submit the termination settlement proposal within the time provided in paragraph (F) and failed to request a time extension, there is no right of appeal. If the NREL Subcontract Administrator has made a determination of the amount due under paragraph (F), (H), or (L) of this clause, NREL shall pay the Subcontractor--
 - 1. The amount determined by the NREL Subcontract Administrator if there is no right of appeal or if no timely appeal has been taken; or
 - 2. The amount finally determined on an appeal.
- K. In arriving at the amount due the Subcontractor under this clause, there shall be deducted --
 - 1. All unliquidated advance or other payments to the Subcontractor, under the terminated portion of this subcontract.
 - 2. Any claim which NREL/Government has against the Subcontractor under this subcontract; and
 - 3. The agreed price for, or the proceeds of sale of materials, supplies, or other things acquired by the Subcontractor or sold under this clause and not recovered by or credited to NREL/Government.

- L. The Subcontractor and NREL Subcontract Administrator must agree to any equitable adjustment in fee for the continued portion of the subcontract when there is a partial termination. The NREL Subcontract Administrator shall amend the subcontract to reflect the agreement.
- M. 1. NREL may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Subcontractor for the terminated portion of the subcontract, if the NREL Subcontract Administrator believes the total of these payments will not exceed the amount to which the Subcontractor will be entitled.
2. If the total payments exceed the amount finally determined to be due, the Subcontractor shall repay the excess to NREL/Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Subcontractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Subcontractor's termination settlement proposal because of retention or other disposition of termination inventory until ten (10) days after the date of the retention or disposition, or a later date determined by the NREL Subcontract Administrator because of the circumstances.
- N. The provisions of the clause relating to fee are inapplicable if this subcontract does not include a fee.

ALTERNATE IV (SEP 1996).

(If the subcontract is a TIME-AND-MATERIAL or LABOR- HOUR subcontract, substitute the following paragraphs (H) and (L) for paragraphs (H) and (L) of the basic clause:)

- H. If the Subcontractor and the NREL Subcontract Administrator fail to agree in whole or in part on the amount to be paid because of the termination of work, the NREL Subcontract Administrator shall determine, on the basis of information available, the amount, if any, due the Subcontractor and shall pay the amount determined as follows:
1. If the termination is for the convenience of NREL/Government, include--
- (i) An amount for direct labor hours (as defined in the Schedule of the subcontract) determined by multiplying the number of direct labor hours expended before the effective date of termination by the hourly rate(s) in the Schedule, less any hourly rate payments already made to the Subcontractor;
 - (ii) An amount (computed under the provisions for payment of materials) for material expenses incurred before the effective date of termination, not previously paid to the Subcontractor;
 - (iii) An amount for labor and material expenses computed as if the expenses were incurred before the effective date of termination if they are reasonably incurred after the effective date, with the approval of or as directed by the NREL Subcontract Administrator; however, the Subcontractor shall discontinue these expenses as rapidly as practicable;

- (iv) If not included in subdivision (H)(1)(i), (ii), or (iii) of this clause, the cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the subcontract; and
 - (v) The reasonable costs of settlement of the work terminated, including--
 - a. Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - b. The termination and settlement of Lower-tier subcontracts (excluding the amounts of such settlements); and
 - c. Storage, transportation, and other costs incurred, reasonably necessary for the protection or disposition of the termination inventory.
2. If the termination is for default of the Subcontractor, include the amounts computed under subparagraph (H)(1) of this clause but omit--
- (i) Any amount for preparation of the Subcontractor's termination settlement proposal; and
 - (ii) The portion of the hourly rate allocable to profit for any direct labor hours expended in furnishing materials and services not delivered to and accepted by NREL/Government.

* * * * *

- I. If the termination is partial, the Subcontractor may file with the NREL Subcontract Administrator a proposal for an equitable adjustment of the price(s) for the continued portion of the subcontract. The NREL Subcontract Administrator shall make any equitable adjustment agreed upon. Any proposal by the Subcontractor for an equitable adjustment under this clause shall be requested within ninety (90) days from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator.

CLAUSE 29 - EXCUSABLE DELAYS (APR 1984)

Derived from FAR 52.249-14 (FD)

(Applies to cost reimbursement subcontracts on a fee basis)

- A. Except for defaults of subcontractors at any tier, the Subcontractor shall not be in default because of any failure to perform this subcontract under its terms if the failure arises from causes beyond the control and without the fault or negligence of the Subcontractor. Examples of these causes are--
 - 1. Acts of God or of the public enemy,
 - 2. Acts of the Government in either its sovereign or contractual capacity,
 - 3. Fires,

4. Floods,
5. Epidemics,
6. Quarantine restrictions,
7. Strikes,
8. Freight embargoes, and
9. Unusually severe weather.

In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Subcontractor. "Default" includes failure to make progress in the work so as to endanger performance.

- B. If the failure to perform is caused by the failure of a subcontractor at any tier to perform or make progress, and if the cause of the failure was beyond the control of both the Subcontractor and lower-tier subcontractor, and without the fault or negligence of either, the Subcontractor shall not be deemed to be in default, unless--
 1. The lower-tier subcontracted supplies or services were obtainable from other sources;
 2. The NREL Subcontract Administrator ordered the Subcontractor in writing to purchase these supplies or services from the other source; and
 3. The Subcontractor failed to comply reasonably with this order.
- C. Upon request of the Subcontractor, the NREL Subcontract Administrator shall ascertain the facts and extent of the failure. If the NREL Subcontract Administrator determines that any failure to perform results from one or more of the causes above, the delivery schedule shall be revised, subject to the rights of NREL/Government under the termination clause of this subcontract.

CLAUSE 30 - REFUND OF ROYALTIES (FEB 1995)

Derived from DEAR 952.227-9 (FD)

- A. The subcontract price includes certain amounts for royalties payable by the Subcontractor or lower-tier subcontractors or both, which amounts have been reported to the DOE through NREL.
- B. The term "royalties" as used in this clause refers to any costs or charges in the nature of royalties, license fees, patent or license amortization costs, or the like, for the use of or for rights in patents and patent applications in connection with performing this subcontract or any lower-tier subcontract hereunder. The term also includes any costs or charges associated with the access to, use of, or other right pertaining to data that is represented to be proprietary and is related to the performance of this subcontract or the copying of such data or data that is copyrighted.
- C. The Subcontractor shall furnish to the DOE through NREL, before final payment under this subcontract, a statement of royalties paid or required to be paid in connection with performing this subcontract and lower-tier subcontracts hereunder together with the reasons.

- D. The Subcontractor will be compensated for royalties reported under paragraph (C) of this clause, only to the extent that such royalties were included in the subcontract price and are determined by the DOE to be properly chargeable to the Government and allocable to the subcontract. To the extent that any royalties that are included in the subcontract price are not, in fact, paid by the Subcontractor or are determined by the DOE not to be properly chargeable to the Government and allocable to the subcontract, the subcontract price shall be reduced. Repayment or credit to the Government shall be made as the DOE directs. The approval by DOE of any individual payments or royalties shall not prevent the Government from contesting at any time the enforceability, validity, scope of, or title to, any patent or the proprietary nature of data pursuant to which a royalty or other payment is to be or has been made.
- E. If, at any time within three (3) years after final payment under this subcontract, the Subcontractor for any reason is relieved in whole or in part from the payment of the royalties included in the final subcontract price as adjusted pursuant to paragraph (D) of this clause, the Subcontractor shall promptly notify the DOE through NREL of that fact and shall reimburse the Government in a corresponding amount.
- F. The substance of this clause, including this paragraph (F), shall be included in any subcontract in which the amount of royalties reported during negotiation of the subcontract exceeds \$250.

CLAUSE 31 - FOREIGN TRAVEL (FEB 1997)

Derived from DEAR 952.247-70 (FD)

- A. Foreign travel, when charged directly, shall be subject to the prior approval of the NREL Subcontract Administrator for each separate trip regardless of whether funds for such travel are contained in an approved budget. Foreign travel is defined as any travel outside of Canada, Mexico, and the United States and its territories and possessions.
- B. Request for approval shall be submitted at least forty-five (45) days prior to the planned departure date, be on a Request for Approval of Foreign Travel form, and when applicable, include a notification of proposed soviet-bloc travel.

**CLAUSE 32 - INTEGRATION OF ENVIRONMENT, SAFETY, AND HEALTH INTO
WORK PLANNING AND EXECUTION (JUN 1997)**

Derived from DEAR 970.5204-2 (FD)

(Applies to subcontracts that involve complex or hazardous work that is to be performed on a Government-owned or -leased facility.)

- A. For the purposes of this clause,

1. "Safety" encompasses environment, safety, and health, including pollution prevention and waste minimization; and
 2. "Employees" include Lower-tier subcontractor employees.
- B. In performing work under this subcontract, the Subcontractor shall perform work safely, in a manner that ensures adequate protection for employees, the public, and the environment, and shall be accountable for the safe performance of work. The Subcontractor shall exercise a degree of care commensurate with the work and the associated hazards. The Subcontractor shall ensure that management of environment, safety, and health (ES&H) functions and activities becomes an integral but visible part of the Subcontractor's work planning and execution processes. The Subcontractor shall, in the performance of work, ensure that:
1. Line management is responsible for the protection of employees, the public, and the environment. Line management includes those Subcontractor and lower-tier subcontractor employees managing or supervising employees performing work.
 2. Clear and unambiguous lines of authority and responsibility for ensuring ES&H are established and maintained at all organizational levels.
 3. Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.
 4. Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.
 5. Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.
 6. Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.
 7. The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by NREL/Government and the Subcontractor. These agreed-upon conditions and requirements are requirements of the subcontract and binding upon the Subcontractor. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work and shall be established in a Safety Management System.
- C. The Subcontractor shall manage and perform work in accordance with a documented Safety Management System (System) that fulfills all conditions in paragraph (B) of this clause at a minimum. Documentation of the System shall describe how the Subcontractor will:

1. Define the scope of work;
 2. Identify and analyze hazards associated with the work;
 3. Develop and implement hazard controls;
 4. Perform work within controls; and
 5. Provide feedback on adequacy of controls and continue to improve safety management.
- D. The System shall describe how the Subcontractor will establish, document, and implement safety performance objectives, performance measures, and commitments in response to DOE program and budget execution guidance while maintaining the integrity of the System. The System shall also describe how the Subcontractor will measure system effectiveness.
- E. The Subcontractor shall submit to the NREL Subcontract Administrator documentation of its System for review and approval. Dates for submittal, discussions, and revisions to the System will be established by the NREL Subcontract Administrator. Guidance on the preparation, content, review, and approval of the System will be provided by the NREL Subcontract Administrator. On an annual basis, the Subcontractor shall review and update, for DOE approval, its safety performance objectives, performance measures, and commitments consistent with and in response to DOE's program and budget execution guidance and direction. Resources shall be identified and allocated to meet the safety objectives and performance commitments as well as maintain the integrity of the entire System. Accordingly, the System shall be integrated with the Subcontractor's business processes for work planning, budgeting, authorization, execution, and change control.
- F. The Subcontractor shall comply with, and assist the DOE in complying with, ES&H requirements of all applicable laws and regulations, and applicable directives identified in the clause of this subcontract on Laws, Regulations, and DOE Directives. The Subcontractor shall cooperate with Federal and non-Federal agencies having jurisdiction over ES&H matters under this subcontract.
- G. The Subcontractor shall promptly evaluate and resolve any noncompliance with applicable ES&H requirements and the System. If the Subcontractor fails to provide resolution or if, at any time, the Subcontractor's acts or failure to act causes substantial harm or an imminent danger to the environment or health and safety of employees or the public, the NREL Subcontract Administrator may issue an order stopping work in whole or in part. Any stop work order issued by a NREL Subcontract Administrator under this clause (or issued by the Subcontractor to a lower-tier subcontractor in accordance with paragraph (I) of this clause) shall be without prejudice to any other legal or contractual rights of NREL/Government. In the event that the NREL Subcontract Administrator issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the NREL Subcontract Administrator. The Subcontractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.
- H. The Subcontractor is responsible for compliance with the ES&H requirements applicable to this contract regardless of the performer of the work.

- I. The Subcontractor shall include a clause substantially the same as this clause in lower-tier subcontracts involving complex or hazardous work on site at a DOE-owned or -leased facility. Such lower-tier subcontracts shall provide for the right to stop work under the conditions described in paragraph (G) of this clause. Depending on the complexity and hazards associated with the work, the Subcontractor may require that the lower-tier subcontractor submit a Safety Management System for the Subcontractor's review and approval.

C. Audit of Subcontractors' Records.

The Subcontractor also agrees, with respect to any lower-tier subcontracts (including fixed price or unit-price lower-tier subcontracts or purchase orders) where, under the terms of the lower-tier subcontract, costs incurred are a factor in determining the amount payable to the subcontractor of any tier, to either conduct an audit of the lower-tier subcontractor's costs or arrange for such an audit to be performed by the cognizant Government audit agency through the NREL Subcontract Administrator.

D. Disposition of Records.

Except as agreed upon by NREL and the Subcontractor, all financial and cost reports, books of account and supporting documents, and other data evidencing costs allowable, revenues, and other applicable credits under this subcontract, shall be the property of the Government, and shall be delivered to NREL or otherwise disposed of by the Subcontractor either as the NREL Subcontract Administrator may from time to time direct during the progress of the work or, in any event, as the NREL Subcontract Administrator shall direct upon completion or termination of this subcontract and final audit of accounts hereunder. Except as provided in this subcontract, all other records in the possession of the Subcontractor relating to this subcontract shall be preserved by the Subcontractor for a period of three (3) years after final payment under this subcontract or otherwise disposed of in such manner as may be agreed upon by NREL/Government and the Subcontractor.

E. Reports.

The results of such audit, including the working papers, shall be submitted or made available to the NREL Subcontract Administrator.

I. Comptroller General.

1. The Comptroller General of the United States, or an authorized representative, shall have access to and the right to examine any of the Subcontractor's directly pertinent records involving transactions related to this subcontract or a lower-tier subcontract hereunder.
